

Reference Letter for Megan Sanders

To Whom It May Concern,

I am pleased to write this letter of recommendation for **Megan Sanders** and her business, **M2 Consulting**. As the Program Director at Ripple of One, I have had the opportunity to work with Megan both personally and professionally, and I have seen the meaningful impact she has made on our organization and the families we serve.

Megan was a key member of our staff during the early years of Ripple of One. During that time, she was an essential part of our team, helping with various aspects of our growth, including building relationships with donors and engaging with the volunteers who are so vital to our mission. Her presence in those early stages was instrumental in helping us establish the foundation for the work we do today.

Megan's most enduring contribution to Ripple of One is the creation of **The Well**. Before she developed this program, the parents in our organization were working diligently on their own individual journeys, but they lacked a consistent space to connect with others who were walking a similar path. Megan recognized that while personal growth is essential, the encouragement of a community is what truly helps a family thrive.

Through The Well, Megan created a monthly environment where our parents can finally find that community. They gather to share a meal, participate in learning opportunities, and enjoy much-needed fellowship with one another. While the parents are focused on their own growth and connection, their children are cared for separately in a learning environment of their own. This monthly time of encouragement has changed the way our parents view their journey, providing them with a support system of peers who understand their unique challenges.

Megan is a thoughtful and compassionate leader who has a gift for seeing a need and creating a beautiful way to fill it. Her history as both a staff member and the creator of such a vital program shows her commitment to the long-term success of the families in our community.

I am grateful for Megan's years of service and for the vision she brought to Ripple of One. I recommend her with confidence, knowing she will bring the same creativity and dedication to any future endeavor.

Please feel free to contact me if you would like additional information.

Sincerely,

Dreama Clay

Program Director, Ripple of One
